

NYE COUNTY REPUBLICAN PLATFORM

The following is the full text of the Republican county platform as adopted by the convention this morning:

The Republican party of the County of Nye, State of Nevada, in convention assembled, through its duly elected delegates, declares its unchanging faith and adherence to the government so eloquently stated by the immortal Abraham Lincoln to be "A government of the people, by the people and for the people".

And we hereby pledge ourselves to the support of those great principles of national government which have heretofore guided the Republican party, and which, when it has been in power, have brought to this great country prosperity and peace at home, and honor and prestige abroad; We affirm that the history of the Republican party has been, and always will be, a history of national progress, of industrial prosperity, of the maintenance of individual liberty, of the upbuilding of our vast resources, of the cultivation of domestic peace and of the honor and perpetuity of those American ideals of national independence and integrity.

We earnestly endorse the Republican national platform adopted in Chicago in June, 1916, and hereby pledge our support to Honorable Chas. E. Hughes for president and Honorable Chas. W. Fairbanks for vice president.

We sincerely endorse the platform as adopted by the Republican state convention in Reno, on September 5, 1916, and pledge our support to Honorable Samuel Platt for United States senator of Nevada, Honorable E. E. Roberts for our representative in Congress, Judge T. F. Moran for Justice of the supreme court, R. A. MacKay for clerk of the supreme court, and the other Republican candidates for state offices, and endorse them as men of most fitting qualifications for the respective offices to which they have been nominated.

We condemn the policies of watchful and wasteful waiting as being inefficient and ineffectual, and affirm that if long continued will destroy our national integrity and place the citizens of this country in a condition of servitude through the loss of strength, power and prestige. Honor and respect we demand as the rights of American citizens.

Every Democratic administration of affairs has been an expensive and extravagant one. We condemn the policy of officeholders building political machines at the expense of the government, the state and the county while neglecting important official duties.

We condemn the policies of the present administration in issuing executive orders and demanding legislation born of hysteria. Fear and political cowardice have too often plunged this country into hysterical activities during the last three and one-half years. We stand firmly for the defense of the rights of American workers and laborers.

We pledge ourselves to support every meritorious and competent movement for the betterment of the workers of this county, state and nation.

We favor legislation providing for a minimum wage scale for female workers and a maximum number of hours that shall constitute a day's work.

We condemn every form of child labor and pledge our support and influence to build up a wall around Nevada's industrial conditions that child labor will never obtain a foothold in this state.

We stand firmly for and demand the same efficiency in conduct of public offices that is demanded in the conduct of private business.

We deplore the present high rate of taxation. We pledge ourselves to the most efficient conduct of every office and the conservation of the taxpayers' money, in order that it may be applied and directed into channels that will accomplish useful and beneficial results for the citizens of this county.

And we favor every worthy improvement that will promote peace, happiness, comfort, safety and health of the inhabitants of this county.

We favor a legislative enactment to provide relief to the citizens of this county and other counties who are damaged by cattle and sheep from adjoining states and counties being brought across the county lines to graze in a county where they are not taxed.

With these statements of principles we go confidently before the citizens of Nye county, in the full belief that the personalities of our candidates, and the proud achievements of the Republican party will carry us to victory.
